PROFESSIONAL SUMMARY

Detail-oriented **Java Backend Developer** and **M.Sc. Computer Science graduate** with hands-on experience in **Spring Boot**, **MySQL**, and **RESTful APIs**. Proven ability to optimize database performance and implement real-time communication features through internship and academic projects. Committed to writing clean, testable code using **JUnit** and **Mockito**.

EXPERIENCE

Java Developer Internship – HR Labs, Bengaluru (Remote) **Feb 2025 – June 2025**

- Engineered a high-performance web application to automate visitor registration and real-time employee notification workflows.
- Optimized relational database schemas for a Visitor Management System, significantly improving data integrity and query efficiency.
- Conducted rigorous API testing using Postman, successfully identifying and resolving 95% of critical backend issues prior to deployment.
- Increased system reliability and code quality by developing comprehensive unit tests with JUnit and Mockito.
- Adhered to industry-standard project structures and best practices to build maintainable and scalable enterprise applications.

TECHNICAL SKILLS

- **Languages & Frameworks:** Java, SQL, Spring Boot, JPA/Hibernate, HTML, CSS.
- **Tools & Technologies:** MySQL, Maven, Git/GitHub,RESTful APIs, Postman,JUnit/Mockito, Intellij IDE, OpenAI API.

PROJECTS

Spring Boot AI Assistant|Link|Java, SpringBoot, React JS, OpenAI API

- Developed an AI-powered chatbot that delivers intelligent, text-based responses similar to ChatGPT.
- Integrated the **OpenAI API** with **Spring Boot** and **React JS** to handle real-time user queries and generate accurate contextual replies.

Real-Time Chat Application |Link| Java, SpringBoot, React JS, MySQL, SockJS

- Developed a **WebSocket**-based messaging system supporting 50+ concurrent users with zero performance degradation.
- Implemented secure public and private messaging features, utilizing optimized data handling for an enhanced user experience.

EDUCATION

Kuvempu University, Jnana Sahyadri Shankaraghatta, Shivamogga

Master of Science (M.Sc.) in Computer Science –**CGPA: 7.79** **Dec2022 –Dec 2024**

Government First Grade College, Thirthahalli

Bachelor of Science (B.Sc.) in Computer Science –**71.25%** **Jun 2019 –Sep 2022**

COURSES AND CERTIFICATIONS

- **Python development internship –**Cognifyz Technologies
- **Java basic (English) assessment –** LearnTube**.**
- **Java programming for Beginners –** Simplilearn SkillUp
- **Introduction to SQL –** Simplilearn SkillUp
